

Important Message to all Local 27 & Local 675 Members

Dear Brothers and Sisters,

Dear Brothers and Sisters,

In just a few days, we will be electing the government that will represent us at Queen's Park for the next four years. More than ever before, how we make that choice is extremely important.

Local 27 and Local 675 members work hard and play by the rules. Our priorities are pretty simple and straightforward. We don't expect government to give us much and we aren't looking for special favours or hand-outs.

Living so we can support ourselves and our families.

We want the chance to earn a good living so we can support ourselves and our families.

Over the past four years, thousands of you have had jobs right here in our community working on public projects like Markham-Stouffville Hospital, Bridgepoint Health, St. Joseph's Health Centre, CAMH, George Brown College and the Mimico-Toronto South Detention Centre.

These jobs and the paycheques you brought home would not have existed without a provincial government that invests in the kind of infrastructure projects that put Carpenters' Union members to work.

For us, that's the bottom line.
Tax cuts sound like a great idea, but ask yourself if a \$20 a month tax cut means much to a member who is unemployed or injured on the job. Probably not.

Tax cuts sound like a great idea, but ask yourself: how many people will be unemployed or injured on the job. Probably not.

In this election, only the Ontario Liberal Party has a plan that will continue to put Local 27 and Local 675 members to work.

The District Council of Ontario has decided to endorse and support a number of candidates to support the candidate

In this election, only the Ontario Liberal Party has a number of members to work.

That's why the Carpenters' District Council of Ontario has decided to endorse and support a number of Ontario Liberal Party candidates in our area. We strongly encourage all members to support the candidates listed inside this newsletter.

Let's elect a government that works for us.

On October 6th, let's work together to re-elect a government that works for us.

Yours in solidarity,

TOP 5 REASONS THE CARPENTERS UNION IS ENDORSING THE ONTARIO LIBERAL PARTY

On October 6th, you will have the chance to choose the kind of Ontario you want for you and your family. The Carpenters' Union has endorsed Premier Dalton McGuinty and the Ontario Liberal Party. Here are our Top 5 reasons for doing so:

1 **Jobs, Jobs, Jobs**

The Liberals have helped put thousands of Carpenters' Union members to work by investing billions of dollars in rebuilding hospitals, courthouses, energy plants, libraries and much more across Ontario.

2 **Safer job-sites**

The Liberals have made workplace health and safety a priority since 2003. by adding 200 new safety inspectors and attempting to make WSIB coverage mandatory.

3 **Open-door approach and they listen to our concerns**

Over the past eight years, we have achieved a lot for our members and their families because the Liberals have an open and accessible approach to governing – let's spend the next four years working for more instead of fighting to keep what we already have.

4 **Investing in apprenticeship training**

The Liberals have provided union-employer training centres with funding for equipment upgrades and capital investments so that we can continue to train the next generation of skilled tradespeople.

5 **Improving Health Care and Education**

In 2003, Ontario's health care and education systems were on the brink of collapse. Since then, thanks to decisions made by the Liberals, thousands of doctors and nurses have been hired and surgical wait times are the lowest in Canada. Our success in education is even more dramatic: test scores and graduation rates are up and more people are pursuing a career in the trades or going to college and university than ever before.
